

CLIFFORD RISKEDAHL FAMILY

Since Tuttle's Fiftieth Anniversary, ten years ago, a number of changes have taken place in this family, and also many things have remained unchanged. We are still in the same business, Riskedahl's Super Valu and General Store — this being Cliff's thirty-sixth year

Clifford and Erna Riskedahl and Laura

there since he began as a clerk for Kremenetsky Brothers. Also we still do some farming and keep angus cattle as a sideline. I am still the organist of our church and at present time Cliff is the church treasurer.

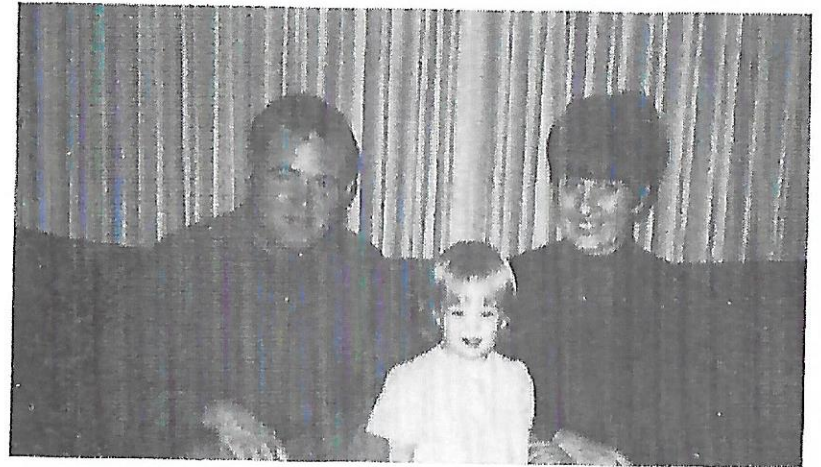

The greatest change since a decade ago is in our children, of course. All three have graduated from Jamestown College. Burt also graduated from the University of Denver with a Master's Degree in Social Work. He was married to Margo Paulsberg of New Rock-

Burt and Margo Riskedahl with Mark and Diane

ford, also a graduate of Jamestown College, with a degree in Medical Technology. They are now living in St. Paul, where he is on the staff of Wilder's Children Clinic, and also studying law at the William Mitchell College.

Barbara is a registered nurse and at the present lives in Fargo. She married Albert Hisley, whom she met while living in Honolulu, Hawaii, his home being Baltimore, Maryland. After serving in the Air

Albert and Barbara Hisley and Kara

Force, he is now completing his education at NDSU in Fargo. Barbara is a director in the Neuro-Surgical Ward of St. Luke's Hospital.

Laura is a teacher in the Anoka School District in Minnesota, and is making her home in Brooklyn Park.

We have three wonderful grandchildren, Mark and Diane Riskedahl ages four and two, and Kara Hisley, also age two.

One cannot look back over a period of ten years and not know some grief and unhappiness, especially in the loss of loved ones. But we are thankful for our many blessings, our many friends and relatives, our wonderful family and our good health.

Among other highlights during these years we have enjoyed a number of extended trips, including one to the west coast, one to Hawaii, Washington, D.C., and other points east, the Bahama Islands, and Puerto Rico. At present we are making plans for another trip to Europe, and a visit with relatives in the Scandinavian countries.

The welcome mat is still out at our house to old and new friends, and to former residents of Tuttle. We are the "Old Timers" now.
